

GB Railfreight Recognises the 80th Anniversary of the Battle of Britain

The naming ceremony took place at St Leonard's Railway Engineering, in Hastings, and was unveiled by Judy Rogers, Councillor and former Mayor of Hastings, and Bob Tiller, GB Railfreight Engineering Director.

GB Railfreight is proud to announce that it's latest named locomotive has been named 'Battle of Britain 80th Anniversary' to commemorate our Royal Air Force (RAF) who bravely fought for our freedom during the great event and to remember those who sacrificed their lives for their nation. The Battle of Britain lasted from 10 July 1940 to 31 October 1940 and saw aircrew from Great Britain and our Allied nations join forces to gain victory over the Luftwaffe and block the possibility of invasion.
